

Mindy's Playhouse Family Daycare - Testimonials

We like your daycare because you make it fun for the kids. There are always lots of learning activities and they get to play outside a lot. It's very structured and rule oriented, which is a great feature. It's like taking your kids to a large daycare/preschool type center without the large price and you have all the comforts of home.

Jeremy, Felicia, & Calvin

I've known Mindy for many years. She was the daycare provider for my three children for five years. The care they received was exceptional. Mindy provides a safe, structured, and fun environment for the children in her care. I strongly recommend Mindy's Playschool to parents as a great place for their children.

I knew that Mindy's Playhouse was the place for our son the moment I met Mindy. Mindy found us!! She was in the process of building her childcare, heard that we were looking for a provider and contacted me. Upon meeting Mindy, I realized that all the other daycare providers had been missing something and I didn't even know it.

Mindy loves the kids in her care. As a new mom and new to daycare, I was reluctant to send my son into someone else's home for daycare. I think the thing about Mindy that reassured me the most was that I didn't have to tell her how fantastic my son was. She just got it. Mindy tells me frequently about Quinn's daily happenings and she finds humor and endearment in the things he does. My husband and I receive regular updates as to what he has been doing, learning, playing with, and other helpful information we can use and incorporate into our home routines. I have every confidence that when Quinn is with Mindy, he is getting the same kind, loving, respectful care that he gets at home from his parents.

The business aspect of Mindy's Playhouse is always a picture of professionalism. Mindy makes the rules and boundaries clear. She always offers her experienced mom advice when it's asked for and she has turned into a real resource for my husband and me. We are a team. We depend on Mindy to help us monitor Quinn's health and growth, and she does so in a respectful and professional manner.

We feel so lucky to have found Mindy. I have shared stories about Mindy's Playhouse with other parents and they are constantly amazed at the efforts Mindy makes to accommodate her daycare parents and the kids in her care. We couldn't have asked for a better person to spend time with Quinn.

Thank you Mindy!!

Katie, Grizzly, and Quinn Malchow

We are very lucky to have such a great Daycare provider like YOU!!!

You make it a lot easier for Shelly to take her mind off of her Little girl. She is very thankful for all you do for Brie and so am I !!!!!!!!!!!!!!!

Scott, Shelly, and Brie...

I know from the first interview that I had with Mindy that she was the right person to care for our child. As a result we chose Mindy to provide childcare for our 2 year old and now I can not imagine Alexa going or being in a better environment then at the playhouse. A huge thanks to Mindy as she's made a tough job for us so much easier.

Thanks for everything.....

Our daughter absolutely enjoys going to Mindy's playhouse. She gets excited about the activities they do. She calls Mindy her teacher. Her days are filled with fun and learning. Many times she ask me if she can go to Mindy's more. The communication we get from Mindy is wonderful. We are thankful for a daycare that we can trust and that our daughter loves to go to.
